

Business Conditions of Use

FIRST COMMUNICATIONS, LLC. TERMS AND CONDITIONS OF BUSINESS SERVICE

Rates

Information concerning your Service rates and other charges and conditions are described in your Service Plan, which is part of this Agreement. Service Plan information is maintained at <http://www.firstcomm.com>. Rates for Alaska, Hawaii and International countries can be found online at <http://firstcomm.com/internationalrates.asp>. Or First Communication's public reference document is available for inspection at First Communications' headquarters located at 3340 West Market St., Akron, OH 44333. You may obtain a copy of this Agreement, First Communications' Terms and Conditions, or any Rate Plan information; see Notice Section below for contact information. First Communications provides the initial T&Cs at no charge. We may, however, charge you for copying, handling and postage charges we incur if additional copies are requested. If you misrepresent your eligibility for any Service Plan, you agree to pay us the additional amount you would have been charged under the most favorable Service Plan for which you are eligible. We may change the prices or add new products with prices, or we may delete products or prices, accordance with state law. The appropriate Charges for your purchase will be billed to you on your bill. Usage Charges for Service are based upon the total time that you use First Communications Services, subject to applicable billing increments and any additional charges, which may apply. Usage begins when the called party picks up the receiver, as determined by hardware answer supervision. Chargeable time ends when either party hangs up, thereby releasing the connection. The Service Plan you select determines billing increments, and detailed information is available with your Service Plan. Calls, which involve a fraction of a billing increment, will be rounded up to the next whole billing increment. In

Business Conditions of Use

addition, if the computed call Charges include a fraction of a cent; the fractional cents will be rounded up to the next whole cent, unless otherwise expressly stated in the Service Plan.

All commercial Plain Old Telephone Service (POTS) products are designed for customers who use their phone lines primarily to conduct normal business, i.e. calling clients, vendors etc. These business products are voice services and not intended for call center environment or for data service use such as calls connected to the Internet for extended periods of time.

If First Communications suspects potential usage fraud, First Communications will begin investigation into the potential fraud and may contact you for additional information. First Communications reserves the right to disconnect or move to an alternate product upon notice as required by applicable law for any prohibited transmissions or uses and to terminate services in the event of a violation of the foregoing use restrictions

Examples of prohibited usage include, but are not limited to: (1) accessing, altering, or interfering or attempting, or assisting to access, alter, or interfere with our facilities and/or our information or others by rearranging tampering or making an unauthorized connection with any equipment, facilities or system using any scheme, false representation or false credit devices or by, or through any other fraudulent means or devices whatsoever, whether within or outside of our service area (including, without limitation, Cloning Fraud and the alteration, modification or other change to Equipment which would be viewed by us as a provision of two pieces of equipment through one Number, or subscription fraud), (2) server devices or host computer applications that are broadcast to multiple servers or recipients such that they could enable "bots" or similar routines (as set forth in more detail in (4) below) or otherwise denigrate network capacity or functionality; (3) "auto-responders," "cancel-bots," or similar automated or manual routines that generate amounts of net traffic that could disrupt net user groups or email use by others; (4) generating "spam" or unsolicited commercial or bulk email (or activities that facilitate the dissemination of such email); (5) any activity that adversely affects the ability of other users or systems to use either First Communications' services or the Internet based resources of others, including the generation or dissemination of viruses, malware or "denial of service" attacks; (6) accessing, or attempting to access without authority, the information, accounts or devices of others, or to penetrate, or attempt to penetrate, First Communications' or another entity's network or systems; (7) running software or other devices that maintain continuous active Internet connections when a computer's connection would otherwise be idle, or "keep alive" functions, (8) outputting digits from CPE against all rules and regulations governing such outputting, (9) altering your voice CPE in such a manner that interferes with our ability to provide emergency service, such as but not limited to moving IP phones to other locations, using voice services provided to a single location to other locations over a private network without our knowledge or (10) to convey information found to be unlawful or to convey information found to be unlawful, including but not limited to, a finding that such language was foul, profane, obscene, salacious or prurient, or to impersonate another person, with fraudulent or malicious intent, or for any purpose in violation of the law, or in such a manner as to interfere unreasonably with the use of Services by us or others, unless they adhere to First Communications' requirements for such usage, which may be changed from time to time.

You must comply with all laws while using the Services and you must not transmit any communication that would violate any laws, court orders, or regulations, or would likely be offensive or injurious to the recipient. You are responsible for all content you transmit while using the Services. Resale of Service is prohibited without our prior written consent and your attainment of any required regulatory approvals. You may not install any amplifiers, enhancers, repeaters or other devices that, in our sole discretion, modify, disrupt or interfere in any way with the facilities, wires or radio frequencies utilized by us to provide Service. Some services may not be available or may operate differently in selected markets or jurisdictions. We may add or delete coverage without providing notice to you.

We further reserve the right to take measures to protect our network and other users from harm, compromised capacity or degradation in performance. These measures may impact customer's service, and we reserve the right to deny, modify or terminate service, with or without notice, to anyone we believe is using the Service in a manner that adversely impacts our network. We may monitor customer's compliance, or other subscribers' compliance, with these terms and conditions, but we will not monitor the content of customers' communications except as otherwise expressly permitted or required by law.

Number

First Communications will provide telephone numbers for your use of our Services. Prior to activation, reserved telephone numbers for new service or telephone number changes may be altered without notice to you, however we will inform you of the change shortly after activation. We may change active telephone numbers by providing notice, such as an area code change. You have no ownership rights and you may not (1) modify the number assigned to you or programmed into any Mobility device if First Mobility service; (2) transfer or

Business Conditions of Use

duplicate any assigned telephone number other than authorized by us, or (3) transfer the number to any other individual or entity without our permission. First Communications understands that, per FCC regulations, you have the right to take your phone numbers to another service provider at any time; however Early Termination Fees may apply. First Communications reserves the right to recover any telephone number(s) due to a violation of Customer's use of First Communications' Services, as determined at First Communications' sole discretion.

Authorized Usage

You are responsible for all usage, on your account. First Communications will not be responsible for any fraud or misuse of Services, including but not limited to calling card misuse or fraud. If your Service is fraudulently used, you must immediately notify us and provide us with the documentation and information we request (including affidavits and police reports). Once you notify us of fraudulent use, it may be necessary for us to interrupt your Service. You agree to cooperate with us in any fraud investigation and to use any fraud prevention measures we reasonably request. Failure to provide reasonable cooperation may result in your liability for any additional fraudulent usage. In accordance with state law, First Communications also reserves the right to suspend, interrupt or restrict Service, without notice to you, if we suspect any use of Service, whether by you or any other party that is in First Communications' sole opinion deemed to be fraudulent or illegal. First Communications will notify customers of activity in violation of this Agreement, or in any way a misuse of Service prior to suspending, interruption or restriction of Service

Availability, Modification and Interruption

We do not warrant or represent that the Services will operate without interruption or continuously. Services we offer are subject to necessary facilities and equipment being available from other carriers. We may have to do things such as change the code or telephone number assigned to or used by you or the technical specifications of the Service, or interrupt Service to perform tests and inspections or for operational or emergency reasons, or to install equipment, or provide information we think is necessary for health or safety, or concerning the quality of Services we provide. If we must interrupt your Service for any of these reasons, we will endeavor, using reasonable means, to restore it as quickly as the underlying matter is resolved without any promise as to when we will be able to restore service; however, we do reserve the right to suspend, interrupt or restrict Service when in First Communications' sole opinion it is necessary for the integrity, safety or maintenance of First Communications' network or when we must comply with laws or regulations, or if you are using Service in violation of any provisions of this Agreement or the law in our sole discretion. Service is subject to transmission limitation or interruption caused by weather, terrain, obstructions such as trees or buildings, atmospheric and other conditions. Services may be limited in some areas where coverage is not available or may be temporarily limited or interrupted due to system capacity limitations and system repairs or modifications or to combat potential fraud. Interruption may also result from nonpayment of Charges by you. We may choose to block calls to certain numbers if, in our sole discretion, we are experiencing excessive billing, collection or fraud problems with calls to those numbers. If any Service is interrupted for at least 24 hours and neither you nor someone you authorized to use the affected Service helped cause the interruption, a credit not to exceed the amount of our service charges during the affected period may be made to your account for the time Service was interrupted, in accordance to state law. If based on our records and your documentation we determine that you are entitled to a credit, the credit will be provided on a subsequent bill.

Customer is aware that some phone equipment requires continuous electrical power at the Customer location. First Communications is not liable to any person or entity for any direct or indirect, incidental or consequential damages that result from failure or no-availability of Services due to loss or interruption of electrical power at the Customer's premise.

Customer Service

If you are experiencing an interruption of service or have a billing question, you may contact First Communications' Business Customer Service Department toll-free:

(800) 860-2934 for Commercial Customers

or

(866) 429-9450 for First Mobility Customers

We will use reasonable efforts to resolve your problem or inquiry, see Late Payments and Dispute Section below. First Communications reserves the right to charge the Customer for labor and dispatch costs required to resolve any issues related to Services as a result of Customer's misuse or negligence. Although First Communications provides Internet Service, we do not provide support for LAN, desktop PC or end users.

Site Access

If First Communications is denied or delayed access to the Customer's premise, there will be delays in Service installation or repair. If access is required for an installation or repair, and the technician is unable to gain access during the appointment window, your account will be assessed a trip charge.

Business Conditions of Use

For Business POTS lines, a trip charge may be assessed for installation cross connects (tie downs) or service/repair issues. If a repair issue requires a service technician to go to your place of business and LineProtect has not been purchased, then a trip charge will be assessed if the trouble is inside wiring.

Disconnect or Cancellations

When a business customer requests a disconnection of your Service, primarily, but not exclusively, involving a circuit, you must notify First Communications in writing at least thirty days in advance of the date you wish service to cease, see Notice Section below, Early Termination Fees may apply. All past due balances, MRCs, and other outstanding fees and Charges shall be immediately due and payable upon the effectiveness of service cancellation.

If the Customer chooses to move its local Service to another service provider, First Communications will stop billing for local Services on the date contained in the loss notification. Often, First Communications receives this notification by the other service provider and not directly from the Customer. Early termination fees may apply for business customers; see Term, Early Termination Fee, below. However, upon loss notification for Plain Old Telephone Service bundled packages, if the Service contains stand alone voice mail or internet products, First Communications will notify the customer that these services will be disconnected within 10 days if other billing arrangements are not made. If no billing arrangements are made, the standalone service will be disconnected as of the loss notification. For additional information, see Final Bill, below.

Term: Early Termination Fee

The term of this Agreement for each Service depends on the Service feature or promotion you select as it is described in the applicable Service Plan. The term of this Agreement for your switched long distance service begins on the date you subscribe to the Service. The term for POTS (Plain Old Telephone Service) begins the day dial tone is active at the demarcation point. Signing an order requiring a circuit installation signifies that First Communications, in good faith, will begin work on the circuit delivery. The term for Service that requires installation of a circuit will begin the date that the service is made available to you. However, for a circuit with integrated or dynamic services, billing will begin once at least either the data or voice portion of the service is available. Furthermore, Parties agree that all services ordered will be completed no later than forty-five (45) days from the circuit delivery date. If all services are not complete by day forty-six (46), all service work will be disconnected, the Agreement terminated, and you will be charged Early Termination Fee along with any Charges First Communications incurred on your behalf to fulfill your order. If you cancel the order prior to completion, the cancellation fee will include, but is not limited to, any Charges First Communications incurred on your behalf to fulfill your order. If you select a Service Plan or promotion that requires a fixed term such as a one-year, two-year or three year Service Plan, you agree to purchase Service for the full term. In accordance with state law, Business Customer terms of this Agreement will automatically renew for one year at the end of the chosen term period unless First Communications receives, in writing, a request for non-renewal/cancellation from you at least sixty (60) days prior to the end of the applicable term. Any Charges accrued between Customer's cancellation notice and ninety (90) days thereafter will remain your responsibility. If you select a Service Plan, feature or promotion with a fixed term, and terminate your Service before the end of your fixed term, you will be in material breach of this Agreement. You agree our damages may be difficult to determine due to variable usage and agree to pay us, a reasonable estimate of our damages (not as a penalty) and in addition to all other amounts you owe, any cancellation fee applicable to the Service. The formula used for Early Termination Fee for services other than First Mobility is: the average of the last 3 months usage, plus the MRC, times the number of months remaining of the term, along with any waived installation fees. See additional Early Termination information for First Mobility Services below. In addition, you may not be eligible for new Services and/or promotions in the future.

First Communications Charges, Payments and Default

You are responsible for paying all Charges to your account, including but not limited to: minutes of use, airtime, access, features, data usage, long distance, directory and operator or directory assistance charges, monthly recurring charges (MRCs), nonrecurring charges; any taxes, surcharges, fees, assessments; and/or recoveries determined by us to be imposed on you or us as a result of use of the Service on your account.

Credit, Deposits, and Overpayments

You authorize us to ask commercial reporting agencies, trade references or banking institutions to furnish us with employment and/or credit information. You also consent to our periodic rechecking of this information and to our reporting personal and/or business payment and credit history to the appropriate agencies. If you believe that we have reported inaccurate information about your account to a consumer-reporting agency, you may send us a written notice describing the specific inaccuracy.

We may require that you make an initial deposit or we may set a Service limit before we establish or maintain Service for you. An example of this would be selecting a package that contains a limited portion of services we provide instead of all services and products available. The deposit will be held as a partial guarantee of payment and cannot be used by you to pay your bill or delay payment. Unless otherwise required by law, deposits may be mixed with other funds and will not earn interest. We may require you to increase your deposit at any time to reflect your estimated monthly Charges and we will base that increase on your actual use of the Service or on

Business Conditions of Use

our reevaluation of your ability to pay. You may ask us to reevaluate your deposit on an annual basis, which may result in a partial or total refund of the deposit to you or a credit to your account. If you default or this Agreement is terminated, we may, without notice to you, apply any deposit towards payment of Charges due. Your deposit will be returned in accordance with applicable law.

Unless otherwise required by state law, if you believe you have overpaid First Communications, you must submit your dispute within 60 days after the claimed overpayment.

Initial Bill

Billing will begin the date Services are first made available. All Services are billed to you on a monthly cycle. For billing, each month is 30 days. First Communications will prorate recurring fixed monthly Charges for any partial month on a 30-day basis. Recurring monthly Charges and all Service Charges will be billed in advance, except for the initial month (or fraction thereof) and any other charges will be billed in arrears. On your first invoice, you will be billed for the recurring monthly Charges of the initial month (or fraction thereof) and the following month.

Payment

We will provide your bill in a format that identifies the Charges with reasonable specificity and which may change from time to time. Payment of all Charges is due to First Communications within 30 days of the date of your invoice ("due date"). Billing cycle end dates may change from time to time. When a billing cycle covers less than or more than a full month, we may make reasonable adjustments and proration. Usage may be back billed in a subsequent month(s), to the extent allowed by applicable law, and if so, this usage will be charged as if used in the month billed. We will charge a fee not to exceed that allowed by applicable law for all returned checks.

Credit Card

If available as an option and if you choose to pay by credit card, you agree to the rules governing that payment option, including applicable limits on the amount of Service that may be used before making a payment. No additional notice or consent is required before we invoice your credit card or debit the account for all amounts due to us. We will notify you of any limits that we impose. If such limits are placed on your account, you may be required to pay for Service with a valid major credit card. You agree to provide a credit card and not a debit card for this feature. You also agree to indemnify us for any claims or expenses resulting from your providing a debit card instead of a credit card. IF YOU CHOOSE THIS OPTION, YOU AGREE THAT WE MAY CHARGE YOUR CREDIT CARD FOR SERVICE WHEN YOUR LIMIT HAS BEEN REACHED. THIS PRACTICE MAY RESULT IN YOUR CREDIT CARD BEING CHARGED MORE THAN ONE TIME IN A MONTH. If your credit card is invalid or payment is not made by the issuer of your credit card at the time that a charge is attempted, you will not be able to use the Service until your account is paid in full.

Late Payments and Disputes

All amounts due must be paid by the due date. You agree to pay us a late payment fee of 1.5 percent per month or the highest amount allowed by law for the period(s) for which such Charges would have been payable, for amounts unpaid 31 days after the date of the invoice. Even if we accept late or partial payments (even if marked "Paid in Full"), it will not waive any of our rights to collect the full amount due under this Agreement. You have 60 days from the date of the invoice to give Notice of a dispute, otherwise the invoice is deemed correct. If you dispute any portion of an invoice, you must pay the undisputed portion of the invoice and submit a written claim, including all documentation substantiating your claim, see Notice Section below. The Parties shall negotiate in good faith to resolve the dispute. Company will attempt to respond to any dispute within 30 days of receipt of valid notice with our determination of the validity of the dispute and if an adjustment to the disputed invoice is required. However, should we fail to mutually resolve the dispute within sixty (60) days after the dispute was submitted to Company, all disputed amounts shall become immediately due and payable to Company. If a billing error resulted in an over-billing or over charge, First Communications shall refund the over billed or overcharged amount by issuing your account a credit in accordance with applicable law.

Suspension, Termination for Non-payment

In addition to our other rights to suspend or terminate Service described elsewhere in this Agreement, if you miss a payment, we may suspend the Services or end this Agreement 30 days after the payment was due. If we suspend the Services and you miss another payment during the 12 months after we resume the Services, we may then suspend the Services or terminate this Agreement (or both) 15 days after non-payment notification is sent. If you breach any representation to us or fail to perform any of the promises you made in this Agreement, or if you are subject to any proceeding under the Bankruptcy Act or similar state laws, you will be in default and we may, without notice to you, suspend Service and/or terminate this Agreement, in addition to all other remedies available to us. We may require reactivation charges to renew Service after termination or suspension.

Final Bill

Upon any termination or expiration of this Agreement, you are responsible for paying all amounts and Charges that you owe under this Agreement, including any applicable cancellation fee and/or the remaining balance of Charges owed for any minimum usage commitments. Furthermore, you agree that you will not receive a credit or refund for any unused minutes in your Usage Service Plan for

Business Conditions of Use

that month's billing cycle. Your final bill may contain a credit for any advanced payments of your monthly recurring charges, exclusive of Usage Plans, prorated for your final month and a debit for all usage due.

Whenever you provide us account information, you agree to provide true, current, accurate and complete information, and you also agree to keep this information current. If you provide information that is, or we have reasonable grounds to suspect that the information is untrue, not current, inaccurate or incomplete, First Communications may suspend or terminate your service.

If you use First Communications website, you are responsible for maintaining confidentiality of your account and password, restricting access to your computer, and you agree to accept responsibility for all activities that occur under your account and password. You will ensure you will exit your account at the end of each session. You agree to notify First Communications immediately of any unauthorized use or other breach of security. THE INTERNET IS A WORLDWIDE-SHARED RESOURCE USED BY MILLIONS OF PEOPLE. BECAUSE OF THIS, THERE IS A RISK THAT THE CUSTOMER COULD BE SUBJECT TO A VARIETY OF SECURITY BREACHES, INCLUDING BUT NOT LIMITED TO EAVESDROPPING OR HACKERS GAINING ACCESS TO YOUR COMPUTER. IP addresses assigned by First Communications are non-

Business Conditions of Use

transferable and remain the sole property of First Communications. We reserve the right to recover any IP addresses due to non-use or a violation, as described above, at our sole discretion. Upon Service termination, First Communications requires you to return all assigned IP addresses.

Data Equipment

First Communications is not responsible for the installation, operation, maintenance, compatibility or performance of any Customer Premise equipment. If Customer connects incompatible equipment to the Service, First Communications does not guarantee the performance of the Service. If third party hardware or software impairs operation of the Services, you remain liable for payment of all Charges for the Service, and, if this third party equipment is likely to cause hazard or service interruption or obstruction, Customer will eliminate such likelihood at First Communications' request.

Wireless Internet Access

First Communications offers wireless access to the Internet in a limited geographic area. Unless expressly stated in writing by First Communications, all equipment used by First Communications to the customer remains the property of First Communications and must be returned in proper working order, normal wear and tear accepted, to First Communications at the termination of the agreement.

For Wireless Internet Access, the commercial customer is responsible for providing electrical power (110 VAC) and Network connection (RJ45) within 6 feet of the CPE location, Customer is responsible for Network and Workstation configuration according to specifications for protocol provided by First Communications. First Communications will demonstrate proper setup of one (1) Workstation (network client). Additional wiring and configuration will be at the customer's expense.

First Mobility

Mobility service term is co-terminus with your On-net circuit products with a two (2) or three (3) year commitment. Unless otherwise specified in a written notification, once service term has expired, the customer's service agreement is automatically renewed for an additional 12 month term. This co-terminus policy is throughout the lifetime of the circuit, regardless of when mobility lines are added or disconnected. Furthermore, additional mobility devices added to an existing account is coterminous with the Mobility Shared Plan Agreement associated to which they are assigned.

Mobility Use of Services and Equipment; Availability

Services are available within the operating range of the Network as depicted in our coverage maps. All coverage maps are high-level representations of outdoor coverage and there are gaps in coverage within areas shown as covered on the maps.

Mobility Data sessions automatically terminate after 24 hours of activity. Data session is inactive when no data is being transferred. Data session may seem inactive while data is actively being transferred to device, or may seem active when it is actually cached and not transferring data. You **MUST** press or click **END** or **DISCONNECT** button to ensure that session disconnects and charges cease. Third party applications may automatically reinstate data sessions without you pressing or clicking **SEND** or **CONNECT** button. You may be able to send or receive voice calls when customer's data session is inactive. When this occurs, charges apply simultaneously for voice calls in accordance with customer's Calling Plan. You are responsible for maintaining virus protection when accessing service.

Mobility Porting

We do not guarantee that transfers to or from us will be successful. However First Communications will make every effort to resolve porting issues.

Mobility Charges

Charges for a completed call from or to your Number begin when you press the TALK (or similar key) and end when either party terminates the call. You are invoiced for these completed calls from your Number from the time shortly before the mobility device starts ringing until shortly after either party terminates the call. Charges for most Services are incurred in one-minute increments, with partial minutes of use rounded up to the next highest minute. Except with certain plans, included plan minutes are not good for local or long-distance off network roaming calls. International roaming rates will vary. On a call that crosses time periods, minutes are deducted or charged based on the call start time. First Mobility to First Mobility Calling is only available on calls placed directly between separate First Mobility devices (not through voicemail, Directory Assistance, or other indirect methods) while each are on the First Mobility Network. However, you will not be charged for voice calls that ring and do not pick up, or if you get a busy signal. Notwithstanding the foregoing, in some of the Territory an unanswered call that rings for sixty (60) seconds or more will be billed. Your invoice will contain a summary of charges. Call detail is available on our secured website for your account.

Mobility Messaging

You may incur charges in accessing, sending or receiving messages on your device. We may impose limits on the number of voicemail, text, email or other messages that can be retained through your account. Indicators of messages on your device, including mailbox icons, may not always provide an up to date indication of new messages and you may at times need to manually reset or clear your

Business Conditions of Use

mailbox indicator. Legitimate messages may be interrupted by software aimed at prevention of SPAM or similar messages. Data services will be rated on the actual kilobit usage.

Mobility Billing

Although it is our intent to submit timely invoices, we reserve the right to invoice for services underbilled or unbilled, furthermore we will limit the period to twelve (12) months prior to the date of the invoice including such amounts, should this occur. However, the twelve (12) month limitation for under billed or unbilled services will not apply in the following scenarios: failure to bill or under billing was caused by your acts, failure or refusal to act, errors or omissions, Force Majeure events (described in Limitation of Liability (i)) or failure to bill or under billing was caused by Fraudulent Usage or Cloning Fraud.

Mobile call charges to landlines in other countries or mobile lines in other countries will include airtime minutes along with a termination rate per minute based on the termination type. International roaming rates may also apply and will be a pass through charge to you.

Mobility: Termination, Early Termination. Service Plan

Should you terminate your circuit Service Agreement, the Mobility agreement will also terminate and Early Termination Fees for the Mobility service would apply. You may reduce or increase the number of devices in your selected Mobility Plan, however **if you terminate all devices, before the term expires, you will incur an EARLY TERMINATION FEE OF \$200 per mobility device** as liquidated damages, and not as a penalty. In either case, you have ownership of the mobility devices once payment was received.

Mobility Roaming

Calls made outside of the Network are "roaming" calls. Your mobility device is specifically designed and engineered to work on the Network and on other providers' systems only when roaming agreements are in place between our underlying network provider and the other providers. Roaming calls placed "manually" (through an operator or with a credit card) will always incur separate and additional charges. Depending on your mobility device settings, you may automatically roam if there is a gap or interruption in coverage within the First Network coverage area and roaming coverage areas. Certain features are not available when roaming. When roaming, you are subject to the limitation of liability provisions and other applicable rules imposed by the roaming service provider on its own subscribers or on roamers. Included minutes apply to calls placed and received on the Network. Roaming rates apply to calls placed and received outside the Network. Long distance charges for calls received while roaming are calculated from your home area code to the location where you received the call. Due to delayed reporting between carriers, usage may be billed in a subsequent month and will be charged as if used in the month billed.

Mobility Interruption of Service. We may provide you with an airtime credit of one minute for a call that is disconnected because of transmission limitations caused by atmospheric, geographic or topographic conditions and that you redial within one minute of disconnection. You must notify us within 24 hours of the disconnection to obtain credit.

Wireless Devices and Equipment

Mobility devices and other equipment must be purchased from First Mobility. We are not the manufacturer of the mobility devices or other equipment and the only warranties on the mobility devices or other equipment are limited warranties extended by the manufacturers.

To return a "Damaged" wireless device, all of the following criteria must be met:

- Equipment is either "New" Equipment that exhibits immediate failure, defect, or damage out of the box, or is Equipment that fails within thirty (30) calendar days of service activation as verified by First Communications.
- Equipment package is complete (no broken components, except where the breakage occurred during or prior to shipping) and in "like new" condition in an original box or packaging (no markings, writing or stickers). UPC label must be present on the box or package when returned
- Equipment has no missing or broken components.
- Equipment has not been subjected to damage that resulted, after the Equipment was delivered to the end user, from (a) improper operation, storage, misuse or abuse, accident or neglect, such as physical damage (cracks, scratches, etc.) to the surface of the product resulting from misuse; (b) contact with liquid, water, rain, extreme humidity or heavy perspiration, sand, dirt or the like, extreme heat, or food; or (c) subjecting the Equipment to abnormal usage or conditions.
- In cases where the Equipment is returned for a failure, the Equipment has a verified failure that can be duplicated.
- Equipment was purchased within one hundred and twenty (120) calendar days from the date of the return request.
- There is less than two hundred fifty (250) minutes on the non-resettable call timer of the mobility device.
- Data devices, which meet the criteria applicable to a failure as set forth above and that fail after delivery to the end user with a "hard" failure such as keypad, display or audio issues that have not been caused by liquid or physical damage that can be duplicated by First Communications will be accepted for return. If a data device has a soft failure after delivery to the end user (for example, a software, application, or compatibility issue), it may not be returned to First Communications through the RMA process.

Business Conditions of Use

- If the Equipment does not meet the applicable criteria above, the entire RMA will be rejected and the customer will be referred to the Original Equipment Manufacturer (OEM) for warranty replacement or repair. First Communications will return mobility device and packaging, along with a reason why the RMA is being rejected. Mobility device and packaging will be mailed back to customer via FedEx, Direct Signature Required. All return shipping and associated costs are the responsibility of the customer's account.
- All Returned Equipment should be shipped to the following address: First Communications; C/O Wireless Team; 3340 West Market Street; Akron, Ohio 44333
