**SECTION 2 – RULES****2.1 Undertaking of the Company**

This tariff contains the regulations and rates applicable to intrastate interexchange telecommunications services provided by the Company for telecommunications between points within the State of Kentucky. Services are furnished subject to the availability of necessary facilities, equipment and/or billing arrangements with the DUC and/or LEC, and subject to the terms and conditions of this tariff in compliance with limitations set forth in the Commission's rules. Necessary facilities and equipment may include, but are not limited to, facilities or equipment to be provided by the Company, connecting carriers, underlying carriers, owners and operators of transmission capacity leased to the Company or the LEC. The Company's services are provided on a statewide basis and are not intended to be limited geographically, however, all Switched Access services are only available in equal access areas. The selection of the DUC is made solely in the discretion of the Company. The Company offers service to all those who desire to purchase service from the Company consistent with all of the provisions of this tariff. Except for 101XXXX Access Service, Customers interested in the Company's services shall file a service application with the Company which fully identifies the Customer, the services requested and other information requested by the Company. The Company reserves the right to examine the credit record and check the references of all applicants and Customers prior to accepting the service order. The service application shall not in itself obligate the Company to provide services or to continue to provide service if a later check of applicant's credit record is, in the opinion of the Company, contrary to the best interest of the Company. The Company may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities when authorized by the Customer, to allow connection of a Customer's location to a service provided by the Company. The Customer shall be responsible for all charges due for such service arrangement.

- 2.1.1 The services provided by the Company are not part of a joint undertaking with any other entity providing telecommunications channels, facilities, or services, but may involve the resale of the Message Toll Services (MTS) and Wide Area Telecommunications Services (WATS) of underlying common carriers subject to the jurisdiction of this Commission.
- 2.1.2 The rates and regulations contained in this tariff apply only to the services furnished by the Company and do not apply, unless otherwise specified, to the lines, facilities, or services provided by a local exchange telephone company or other common carriers for use in accessing the services of the Company.
- 2.1.3 The Company reserves the right to discontinue furnishing services, or limit the use of service necessitated by conditions beyond its control, including, without limitation: lack of satellite or other transmission medium capacity; the revision, alteration or repricing of the Underlying Carrier's tariffed offerings; or when the use of service becomes or is in violation of the law or the provisions of this tariff.

**SECTION 2 – RULES (cont'd)****2.2 Use of Services**

- 2.2.1 The Company's services may be used for any lawful purpose consistent with the transmission and switching parameters of the telecommunications facilities utilized in the provision of services, subject to any limitations set forth in this Section 2.2.

Acceptance of the liability provisions contained in this tariff by the Commission does not constitute its determination that the limitation of liability imposed by the Company should be upheld in a court of law, but the recognition that, as it is the duty of the courts adjudicate negligence claims and rights to recover damages thereof, so it is the duty of the courts to determine the validity of the exculpatory provision of this tariff.

**SECTION 2 – RULES (cont'd)**

- 2.3.2 The Company shall not be liable for, and shall be fully indemnified and held harmless by the Customer against any claim, loss, expense, or damage for defamation, libel, slander, invasion, infringement of copyright or patent, unauthorized use of any trademark, trade name or service mark, proprietary or creative right, or any other injury to any person, property or entity arising out of the material, data or information transmitted.
- 2.3.3 No agent or employee of any other carrier or entity shall be deemed to be an agent or employee of the Company.
- 2.3.4 The Company's liability for damages, resulting in whole or in part from or arising in connection with the furnishing of service under this tariff, including but not limited to mistakes, omissions, interruptions, delays, errors, or other defects or misrepresentations shall not exceed an amount equal to the charges provided for under this tariff for the long distance call for the period during which the call was affected. No representation or understanding contrary to the provisions and rates of this tariff shall apply. The company, its officers, directors, employees, shareholders, and their respective heirs and assigns, are specifically excused and indemnified, saved and held harmless, by each Customer taking services under this tariff for any claim of misrepresentation, or errors or omissions made by sales representatives or sales agents.

All calls placed using direct connect facilities, presubscribed exchange lines, or Authorization Codes will be billed to and must be paid by the Customer.
- 2.10.3 All bills are presumed accurate, and shall be binding on the customer unless objection is received by the Company in writing within 45 days after such bills are rendered. No credits, refunds, or adjustments shall be granted if demand therefore is not received by the Company in writing, in person, or by telephone within such 45 day period.
- 2.10.4 The Company may utilize direct billing and LEC billing. The selection of the billing option is made by the Company. With LEC billing, the Customer's charges for Service(s) are billed with the Customer's bill for local service. If LEC billing is utilized, the rules and regulations applying to rendering and payment of the bill and late charges are the same as covered in the applicable LEC tariff. The Company will make every effort to post any credit due to the Customer account(s) on the Customer's next LEC bill. However, based on the date of the resolution of a dispute and the date credits must be provided to the LEC, it may be two or more billing cycles before a credit will be issued. The Company's name and toll-free telephone number will appear on the Customer's bill.
- 2.10.5 If the Customer chooses to pay by credit card, the Customer agrees to the rules governing that payment option, including applicable limits on the amount of Service that may be used before making a payment. No additional notice or consent is required before the Company invoices your credit card or debits the account for all amounts due to the Company. Customer will be notified of any limits that are imposed. If such limits are imposed, Customer may be required to pay for Service with a valid major credit card. The Company may stop offering this option at any time upon notice to the Customer. **SECTION 3 – DESCRIPTION OF SERVICE****3.1 Computation of Charges**

- 3.1.1 The total charge for each completed call may be a variable measured charge dependent on the duration, distance and/or time of day of the call. The variable measured charge is specified as a rate per minute which is applied to each minute. All calls are measured in increments as set forth in the Rates Section of this tariff. For all calls, fractions of an increment are rounded up to the next whole increment. For example, a call with a one (1) minute increment lasting 35 seconds will be rounded to one (1) minute. Calls with charges that include a fraction of a cent .5 or greater will be rounded to the next highest cent. For example, a Customer making a call with a computed charge of \$1.434 will be charged \$1.43 and a Customer making a call with a computed charge of \$1.435 will be charged \$1.44.
- 3.1.2 Where mileage bands appear in a rate table, rates for all calls are based upon the airline distance between the originating and terminating points of the call, as determined by the vertical and horizontal coordinates associated with the exchange (the area code and three digit central office code) associated with the originating and terminating telephone numbers. If the Customer obtains access to the Company's network by a dedicated access circuit, that circuit will be assigned an exchange for rating purposes based upon the Customer's main telephone number at the location where the dedicated access circuit terminates. The vertical and horizontal (V & H) coordinates for each exchange and the airline distance between them will be determined according to industry standards.
- 3.1.3 Timing begins when the called station is answered and two way communication is possible, as determined by standard industry methods generally in use for ascertaining answer, including hardware answer supervision in which the local telephone company sends a signal to the switch or the software utilizing audio tone detection. Recognition of answer supervision is the responsibility of the Underlying Carrier. Timing for each call ends when either party hangs up. The Company will not bill for uncompleted calls.
- 3.1.4 If the Customer uses a calling plan with a monthly recurring charge, that monthly charge is charged for every billing or calendar month in which a customer uses the service as defined by placing a call from a working telephone number.
