Necessary facilities and equipment may include, but are not limited to, facilities or equipment to be provided by the Company, connecting carriers, underlying carriers, owners and operators of transmission capacity leased to the Company or the LEC. The Company's services are provided on a statewide basis and are not intended to be limited geographically, however, all Switched Access services are only available in equal access areas. The selection of the DUC is made solely in the discretion of the Company. The Company offers service to all those who desire to purchase service from the Company consistent with all of the provisions of this price guide. SECTION 2 - RULES (cont'd)**2.8 Deposit**

The Company does not require deposits.

2.9 Advance Payments

The Company does not require advance payments.

2.10 Payment and Billing

2.10.1 Service is provided and billed on a billing cycle basis, beginning on the date that service becomes effective. Billing is payable upon receipt. If payment is not received within 30 days of the invoice date, late charges will apply.

2.10.2 The customer is responsible for payment of all charges for services furnished to the Customer, as well as to all persons using the Customer's codes, exchange lines, facilities, or equipment, with or without the knowledge or consent of the Customer. The security of the Customer's Authorization Codes, presubscribed exchange lines, and direct connect facilities is the responsibility of the Customer. All calls placed using direct connect facilities, presubscribed exchange lines, or Authorization Codes will be billed to and must be paid by the Customer.

2.10.3 All bills are presumed accurate, and shall be binding on the customer unless objection is received by the Company in writing within 30 days after such bills are rendered. No credits, refunds, or adjustments shall be granted if demand therefore is not received by the Company in writing within such 30 day period.

2.10.4 The Company may utilize direct billing and LEC billing. The selection of the billing option is made by the Company. With LEC billing, the Customer's charges for Service(s) are billed with the Customer's bill for local service. If LEC billing is utilized, the rules and regulations applying to rendering and payment of the bill and late charges are the same as covered in the applicable LEC tariff. The Company will make every effort to post any credit due to the Customer account(s) on the Customer's next LEC bill. However, based on the date of the resolution of a dispute and the date credits must be provided to the LEC, it may be two or more billing cycles before a credit will be issued. The Company's name and toll-free telephone number will appear on the Customer's bill.

SECTION 2 - RULES (cont'd)**2.11 Collection Costs**

In the event Company is required to initiate legal proceedings to collect any amounts due to Company for regulated or non-regulated services, equipment or facilities, or to enforce any judgment obtained against a Customer, or for the enforcement of any other provision of this tariff or applicable law, Customer shall, in addition to all amounts due, be liable to Company for all reasonable costs incurred by Company in such proceedings and enforcement actions, including reasonable attorneys' fees, collection agency fees or payments, and court costs.

SECTION 3 - DESCRIPTION OF SERVICE

3.1 Computation of Charges

- 3.1.1 The total charge for each completed call may be a variable measured charge dependent on the duration, distance and time of day of the call. The total charge for each completed call may also be dependent only on the duration of the call, i.e. a statewide flat rate per minute charge. The variable measured charge is specified as a rate per minute which is applied to each minute. All calls are measured in increments as set forth in the Rates Section of this tariff. For all calls, fractions of an increment are rounded up to the next whole increment. For example, a call with a one (1) minute increment lasting 35 seconds will be rounded to one (1) minute. Calls with charges that include a fraction of a cent .5 or greater will be rounded to the next highest cent. For example, a Customer making a call with a computed charge of \$1.434 will be charged \$1.43 and a Customer making a call with a computed charge of \$1.435 will be charged \$1.44.
- 3.1.2 Where mileage bands appear in a rate table, rates for all calls are based upon the airline distance between the originating and terminating points of the call, as determined by the vertical and horizontal coordinates associated with the exchange (the area code and three digit central office code) associated with the originating and terminating telephone numbers. If the Customer obtains access to the Company's network by a dedicated access circuit, that circuit will be assigned an exchange for rating purposes based upon the Customer's main telephone number at the location where the dedicated access circuit terminates. The vertical and horizontal (V & H) coordinates for each exchange and the airline distance between them will be determined according to industry standards.
- 3.1.3 Timing begins when the called station is answered and two way communication is possible, as determined by standard industry methods generally in use for ascertaining answer, including hardware answer supervision in which the local telephone company sends a signal to the switch or the software utilizing audio tone detection. Recognition of answer supervision is the responsibility of the Underlying Carrier. Timing for each call ends when either party hangs up. The Company will not bill for uncompleted calls.
- 3.1.4 If the Customer uses a calling plan with a monthly recurring charge, that monthly charge is charged for every billing or calendar month in which a customer uses the service as defined by placing a call from a working telephone number.

SECTION 3 - DESCRIPTION OF SERVICE (cont'd)**3.2 Customer Complaints and/or Billing Disputes**

Customer inquiries or complaints regarding service or accounting may be made in writing or by telephone to the Company at:

3340 West Market Street
Akron, Ohio 44333
(800) 274-1015

Any objection to billed charges should be reported promptly to the Company. Adjustments to Customers' bills shall be made to the extent that records are available and/or circumstances exist which reasonably indicate that such charges are not in accordance with approved rates or that an adjustment may otherwise be appropriate. Where overbilling of a subscriber occurs, due either to Company or subscriber error, no liability exists which will require the Company to pay any interest, dividend or other compensation on the amount overbilled.

If a Customer accumulates more than One Dollar of undisputed delinquent Company 800 Service charges, the Company Resp. Org. reserves the right not to honor that Customer's request for a Resp. Org. change until such undisputed charges are paid in full.

except hospitals, payphones, hotels and in-mate only facilities, that demonstrate credit-worthiness.

3.4.3 Travel Cards.

The Customer utilizes an 11 digit "toll-free" access number established by the Company to access a terminal. Upon receiving a voice prompt, the Customer uses push button dialing to enter an identification code assigned by the Company, and the ten digit number of the called party.

3.4.4 Toll Free Service.

This service is inbound calling only where an 800, 888 or other toll-free prefix number rings into a Customer's premise routed to a specific telephone number or terminated over a dedicated facility.

3.4.5 Prepaid Calling Cards.

This service permits use of Prepaid Calling Cards for placing long distance calls. Customers may purchase Company Prepaid Calling Cards at a variety of retail outlets or through other distribution channels. Company Prepaid Calling Cards are available at a variety of face values. Company Prepaid Calling Card service is accessed using the Company toll-free number printed on the card. The caller is prompted by an automated voice response system to enter his/her Authorization Code, and then to enter the terminating telephone number. The Company's processor tracks the call duration on a real time basis to determine the number of Telecom Units consumed. The total consumed Telecom Units and applicable taxes for each call are deducted from the remaining Telecom Unit balance on the Customer's Company Prepaid Calling Card.

All calls must be charged against Prepaid Calling Card that has a sufficient Telecom Unit balance. A Customer's call will be interrupted with an announcement when the balance is about to be depleted.

When the balance is depleted, the Customer can either call the toll-free number on the back of the Company Prepaid Calling Card and "recharge" the balance on the card using a nationally recognized credit card, or the Customer can throw the card away and purchase a new one. Calls in progress will be terminated by the Company if the balance on the Company Prepaid Calling Card is insufficient to continue the call.

SECTION 3 - DESCRIPTION OF SERVICE (cont'd)**3.4 Service Offerings (cont'd)****3.4.5 Prepaid Calling Cards (cont'd)**

A card will expire on the date indicated on the card, or if no date is specified, 6 months from the date of purchase, or the date of last recharge, whichever is later. The Company will not refund unused balances.

A credit allowance for Company Prepaid Calling Card Service is applicable to calls that are interrupted due to poor transmission, one-way transmission, or involuntary disconnection of a call. To receive the proper credit, the Customer must notify the Company at the designated toll-free customer service number printed on the Company Prepaid Calling Card and furnish the called number, the trouble experienced (e.g. cut-off, noisy circuit, etc.), and the approximate time that the call was placed.

When a call charged to a Company Prepaid Calling Card is interrupted due to cut-off, one-way transmission, or poor transmission conditions, the Customer will receive a credit equivalent of one Telecom Unit.

Credit allowances for calls pursuant to Company Prepaid Card Service do not apply for interruptions not reported promptly to the Company or interruptions that are due to the failure of power, equipment or systems not provided by the Company.

Credit for failure of service shall be allowed only when such failure is caused by or occurs due to causes within the control of the Company.

The Company will block all calls beginning with the NPA "900" and NXX "976" calls, therefore such calls can not be completed.

3.4.6 Directory Assistance.

Access to long distance directory assistance is obtained by dialing 1 + 555-1212 for listings within the originating area code and 1 + (area code) + 555-1212 for other listings. When more than one number is requested in a single call, a charge will apply for each number requested. A charge will be applicable for each number requested, whether or not the number is listed or published. Directory assistance is available to any Customer that has access to the directory assistance bureau of the DUC.
