2.2.2 PBX Trunk Service

A. General

Analog PBX trunks are provided for connection of customer-provided PBX terminal equipment. Analog trunks are delivered on a DSO level and digital trunks are delivered at the DS1 level. All trunks are equipped with multiline hunting.

DID service allows callers to reach the called party without going through a PBX attendant. DOD service allows end users to dial outside of a PBX system without going through the PBX attendant to get access to an outside line. Digital trunks cannot be two-way trunks, but must be ordered as with either Direct Inward Dialing (DID) or Direct Outward Dialing (DOD).

For DID configured PBX trunks, additional charges apply for Direct Inward Dial Station numbers.

Each Analog Trunk has the following characteristics:

Terminal Interface: 2-wire or 4-wire, as required for the provision of service

Signaling Type: Loop, Ground, E&M I, II, III

Pulse Type: Dual Tone Multi-Frequency (DTMF).

Directionality: In-Coming Only (DID), Out-Going Only (DOD), or Two-Way

B. Message Rate Analog PBX Trunks

1) Description

Message Rate Analog PBX Trunks provide the customer with a single, analog, voice grade telephonic communications channel which can be used to place or receive one call at a time. Local calls on two-way trunks and DOD trunks are billed on a usage basis. DID trunks are arranged for one-way inward calling only.

2) Recurring and Nonrecurring Charges

Nonrecurring connection charges apply as described in Section 3 of this Tariff. Charges for each Message Rate PBX Trunk include a monthly recurring Base Service Charge and usage charges for completed calls originated from the customer's lines based on the duration of calls during the billing period, found in Section 10 of this Tariff. Local calling areas are as specified in Section 8.

2.2.3 Remote Call Forwarding Service

RCF is a service feature whereby all calls placed to an RCF customer's telephone number (the call forwarding location) are automatically forwarded by Company central office equipment to a designated terminating station of such RCF customer which is located in an exchange area of the Company or another telephone company. RCF is subject to the following regulations:

- 1) RCF service will be provided on any exchange service which can be direct inward dialed except semi-public and public telephone service;
- 2) The service is offered from central offices where the Company has arranged the facilities for RCF and is furnished subject to the availability of facilities;
- 3) One primary directory listing, as appropriate, will be provided without charge for the exchange in which the RCF central office is located;
- 4) Since the grade of transmission on calls which are remotely forwarded may vary, depending upon the location of the calling party in relation to the terminating station, the Company cannot guarantee transmission on forwarded calls;
- 5) Each RCF feature allows for forwarding one call at a given time. An additional feature is necessary for each additional call to be forwarded simultaneously. The customer must subscribe to sufficient RCF features and facilities at the terminating station to adequately handle calls without impairing, disrupting or deteriorating services offered by the Company. In the event that the use of RCF causes such impairment, disruption or deterioration, the Company shall have the right to discontinue forthwith such service without prior notification to the customer; and
- 6) The Company will not provide identification of the originating telephone number to an RCF customer.
- 7) The customer, not the calling party, is responsible for any toll calls of the forwarding leg if the terminating station is outside of the local calling area.

2.4 Administrative Fee

An Administrative Fee is applied to First Communications accounts for the administration and facilitation of maintaining the physical assets required to provide service to our customers, which include but are not limited to invoicing, service support systems, facilities management and network operations.

The Administrative Fee is a monthly recurring charge per account of \$5.00 for residential customers and \$10.00 for commercial customers.

2.5 Regulatory Compliance Fee

A Regulatory Compliance Fee will apply to all usage and MRC billed at a rate of at least 3.8573%.

2.6 Connection Charges for POTs Service

2.6.1 General

The Connection Charge is a nonrecurring charge which applies to the ordering, installing, moving, changing, rearranging for furnishing telephone services and facilities. Any one or combination of all elements of the connection charges may apply, depending upon the customer's request.

The customer may request an estimate or a firm bid before ordering installation work to be done. When an estimate is provided, the estimate is not binding on the Company and the charge to be billed will be based on the actual time and materials charges incurred. When a firm bid is provided at customer request, the charge to be billed is the amount quoted to the customer for the work requested.

2.6.2 Exceptions to the Charge

A. No charge applies for a change to a service for which a lower monthly rate applies, made within 90 days after any general rate increase, if a lower grade of service is offered in the customer's exchange.

B. The Company may from time to time waive or reduce the charge as part of a promotion.
